

HAGOOD GETS ARMY POST

Alife Longworth Says

(Special To The News)
WASHINGTON, D. C., April 13.—Sharecropper Thomas D. Campbell, who raises thousands of acres of wheat on Indian lands in the west, got \$50,000 in AAA cash for what he didn't raise during the last two years. This has brought out the different ways in which the government handles the sharecropper situation. The case of Mr. Campbell emphasizes the old question of leased lands and tenant farming. It calls attention to the huge sums collected by the big man compared to the pittance received by the men who do the actual work. It is on a par with the salaries and bonuses of industrial magnates which have been so frequently the subject of congressional investigation. On this occasion the bonus was not presented by the boss to himself; it was handed to him by the lavish government at Washington.

It is still another instance when liberal can best be defined as being liberal with the taxpayers' money.

PA NEW OBSERVES

While the weatherman was kind enough to promise that New Castle and Lawrence county would have fair weather on Easter, his prediction failed to materialize, to the disappointment of thousands in this district. Only late in the afternoon, and for a few moments, was the sun visible. During the morning, a drizzling rain was noted frequently, as heavy clouds hung overhead.

There seems to be an abundance of water in the lowlands in Lawrence county at the present time. Many temporary ponds are to be seen.

Apparently the worst of the "heaved pavements" on Pinchot type roads as a result of the severe winter is only now being witnessed. Some of the highways are a series of bad holes and places needing repairs. Even some of the concrete paved highways are showing bad sink holes. Not in many years has a winter affected paving to such an extent. Drivers who haven't been over the highways recently, should proceed with caution. So many "heaved pavement" stretches have developed that it is impossible to mark them all with warning signs.

Lawrence County's army of trout fishermen is hoping for a smile from the Weatherman for Wednesday morning, which marks the opening of another trout fishing season here.

Noticing a stray dog perched along the curb near the corner of Washington and Mill street this morning, a woman shopper hurried to a nearby butcher shop, purchased a small amount of meat and then placed it in front of the canine. The dog soon did justice to the food and started to follow its benefactor.

Young Pa New learned this morning that a number of New Castle residents spent Sunday on local golf courses.

The recent floods throughout Pennsylvania sure played havoc with bridges, according to a Pennsylvania State Highway Detour bulletin for period ending April 16, on display in the lobby of The News. The map shows that during the recent high waters, 27 bridges were destroyed.

Barking Dog Saves Family From Flames

Mother And Son Forced To Flee From Burning Home Early This Morning

LOSS OF \$1,000 TO EAST SIDE HOME

Mrs. Frank Dudzensky and son, of 759 Lathrop street, were saved from the peril of their burning home at 4:35 this morning, when a pet dog awakened them by his barking, enabling them to escape in safety. Damage, which resulted from the fire totaled \$1,000, covered by insurance.

Mrs. Dudzensky was awakened when the dog set an uproar, and rushing downstairs, she found the fire starting to spread through the downstairs section. An alarm from box 49 called Fourth ward, No. 5, and B. truck companies to the scene, who were able to bring the fire under control after a sharp battle.

Mr. Dudzensky was away from home, only the mother and son being present when the fire broke out.

Both were found guilty by a jury last week of violating the Mann act in transporting five girls from Mrs. Scheible's Pittsburgh house to a glittering vice palace here.

REV. W. W. SNIFF HAS RESIGNED

Will Conclude Long Pastorate At Madison Avenue Christian Church, June 1

The Rev. William W. Sniff, for the past 11 years pastor of the Madison avenue Christian church in the seventh ward, has resigned the charge, effective June 1, it was learned today.

Rev. Sniff at that time expects to retire from the ministerial work, which has engaged his full time and part time service in New Castle for a period covering 18 years.

For seven years he occupied the pastorate of the First Christian church, assuming that charge in the fall of 1912. Then for five years he was absent from the city, and upon returning was called to the pastorate of the Madison avenue congregation.

During the 11 years he has devotedly served the Madison avenue charge Rev. Sniff has had business interests to claim some of his time. He said today that he will continue his residence in New Castle.

Husband Secures Writ Of Replevin To Get Wife's Body

(Special To The News)
MERCER, April 13.—For the first time in the history of Mercer county a writ of replevin has been issued here to secure possession of a dead body. The writ is taken out by Paul Michlo of Sharon against T. L. Reinold and J. E. Gerosky, Farrell undertakers. Michlo alleges that the body of his wife, Theresa Michlo, was taken to the mortuary of the defendants for embalming and that the action was without his approval.

It is claimed that the morticians have refused to deliver the body to Michlo until payment is made for services rendered, and as stated above, Michlo says he never authorized the undertakers to render the service.

Mr. and Mrs. Lee Hartzell, daughter Dorothy and son Lee, Jr., of Beckford street, and Mr. and Mrs. William Henning and daughter Debra of West North street, have returned home from a trip to Washington, D. C., Annapolis and Baltimore, Md., where they visited with relatives and friends.

Churches Are Crowded; But Weatherman Halts Showy Easter Parade

As a day of service and jubilation Easter Sunday was everything that could be expected. As a day calculated to bring out the finery of the sweet young things it was far from being what it could have been. Dark gray clouds and threatened rain either kept the ladies off the street Sunday afternoon or sent them out with their spring togs guarded by an umbrella and an umbrella doesn't add anything to the appearance of pastel shade dresses and white shoes.

Churches Crowded
Churches were crowded at all the

services Sunday. Special song services featured many of them and of these a number were presented in the afternoon. With probably no exceptions, the morning services in all the Christian churches saw the pews well filled.

But to get back to the ladies or rather to what they wore. Save for a brief flash late in the afternoon Old Sol was on holiday. The usual Easter parade down Washington street was nothing more than a few scattered groups of Easter bearded folks and these were the

Charge Reds Seek To Foment Ship Strikes

By JAMES L. KILGALLEN
International News Service Staff Correspondent

NEW YORK, April 13.—Union leaders today blamed "the reds from 14th street" for the ugly situation that is developing on New York's waterfront, where radicals are trying to foment strikes on ships.

They accuse the communists of employing a "beef squad"—strong-arm men—to beat up members of the International Seamen's Union of America, who have an agreement with ship owners and who should see no reason why they should strike. In the past week at least 50 men have been injured.

Using Pacific Coast Tactics
Ernest Misland, treasurer of the seamen's union, said the reds are employing the same tactics employed on the Pacific coast during the maritime walkout of 1934 which led to the San Francisco general strike fiasco.

"If the communistic agitation is not put down we may have a repetition of the San Francisco strike," he said.

Exiled Former Mexican 'Strong Man' Broken Hearted Over Conditions

IN SECLUSION AT SAN DIEGO

(International News Service)
SAN DIEGO, Cal., April 13.—Tired, broken from worry, suffering from ill-health incurred on the rigorous trip out of Mexico, and broken hearted over the wholesale desertion of his friends and supporters, Gen. Plutarco Elias Calles, exiled former president of Mexico, sought solace at the home of his daughter and son-in-law, Mr. and Mrs. Fernando Torre Blanco here today.

The general left Los Angeles yesterday where he had arrived by plane after being ordered out of Mexico. He motored here and went into seclusion to gather his scattered thoughts and map out definite plans for his future.

Through With Politics
That he is through with politics in Mexico, the country in which he rose to dictatorial powers a few years ago, was the general's assertion to newspapermen here. Evincing (Continued On Page Two)

Confesses Causing Death Of Father

Seaman Gives Self Up At Long Beach, California, For "Mercy Death"

(International News Service)
LONG BEACH, Cal., April 13.—With the weight which has burdened his conscience ever since the asserted "mercy killing" of his aged father in Savannah, Ga., of his friend, Daniel Davis, 29-year-old seaman, slept peacefully in a jail cell here today.

When his ship, the lumber schooner Wisconsin, docked here, Davis walked directly to the police station and confessed to administering an overdose of strychnine to Daniel Dennis Davis, 63, who was suffering from a paralytic stroke, in the southern city in October, 1934.

"I can't go on hiding my story any more," the sailor told startled police officers. "I killed him to save him from the terrible pain that racked his body. I am willing to go back and face the penalty, whatever it may be."

Davis was locked up pending a checkup on the story with Savannah officials. According to the seaman, officers there recorded the death as natural.

Experts Trail Bomb Sender

Personal Investigators Sent By President To Aid Wyoming Valley Probe

MAIL-BOMB CAUSE OF SECOND DEATH

(International News Service)
WILKES-BARRE, April 13.—Three personal investigators sent by President Roosevelt were aiding other federal, state and local authorities today in hunting the sender of six "Easter gift" bombs that claimed two lives and seriously injured three other persons in the labor-troubled Wyoming valley.

Death claimed the second victim of the terrorist bomb plot—four-year-old Thomas Maloney, Jr.—over the week-end, as authorities swung their investigation to Nanticoke and a possible suspect.

Meanwhile, fingerprints found on the glazed paper of the "cigar box" bombs were studied and handwriting on the packages was rushed to New York for analysis by W. A. Osborne, famed expert who testified in the trial of Bruno Richard Hauptmann.

One Man Probable Bomber
The prints were obtained by George Seibert, fingerprint expert of the New York police department, who said they apparently were of one man—the probable bomber.

A second strong lead was seen in the dynamite found in the exploded bombs. Of peculiar type, it was described as the loosely

Gooch previously lost an appeal to the high court.

Woman Dies After Leap From Window

(International News Service)
NEW YORK, April 13.—Mrs. Irma Ferulli, 59, died today shortly after she either fell or jumped from her fifth floor West End avenue apartment opposite the home of Charles M. Schwab.

Mrs. Ferulli, wife of G. Umberto Ferulli, a commander of the Order of the Crown of Italy and reputedly a millionaire, died in a hospital where she was rushed with fractures of the skull and left leg.

Her husband, a daughter and several servants were in the apartment when Mrs. Ferulli went through the window.

Governor Delays Formal Call For Special Session

(International News Service)
HARRISBURG, April 13.—Gov. George H. Earle's formal call for the May 4 special session of the General Assembly, it was indicated today, will be delayed until the joint legislative "harmony" committee completes its study of the administration's proposed legislative program.

The governor had planned to issue the call sometime this week, but the bi-partisan committee, seeking to "harmonize" the program that will be presented to the legislature, adjourned its sessions to next Friday. It was regarded as unlikely that the governor would issue his call until some definite conclusions on the program are reached by the committee.

Committee Adjourns
Adjournment of the committee's second meeting here Saturday came suddenly after the group disagreed on estimates of unemployment relief needs for the remainder of the year.

The \$70,500,000 figure set by Karl De Schweinitz, state relief director, was regarded as too high by some members of the committee. It was reported a compromise figure of between \$40,000,000 and \$50,000,000 will be recommended by the legislative group.

Although the committee, moving as a fact-finding body, has spent considerable time in discussing the governor's proposed program of six subjects, a definite conclusion has been reached on only one item. The group decided flood control was not an emergency measure to be taken up during the extraordinary session.

No formal consideration of revenue-raising measures has yet been started, and no tax suggestions have been made to the group by the governor. Sessions of the committee meeting Saturday were climaxed by the

May Have Clue In Bath-Tub Slaying

(International News Service)
NEW YORK, April 13.—The maid of a wealthy Beekman place clubman today provided police with what they consider the first tangible clue uncovered in the mystery surrounding the brutal bath-tub murder of pretty Nancy Titterton.

The maid, Margaret Arbeiter, 30, who works for J. D. Wooster Lambert, told of repelling an apparently demented man from the doorway of her employer's home, which is directly across the street from the Titterton home, on Thursday, the day before the nude and garrotted body of the 34-year-old writer was found in her bathtub.

At a result of the maid's story, police immediately set a dragnet for a ruddy-complexioned man, about 40 years old and 5 feet, 7 inches tall. He wore a cap and overcoat when he attempted to force his way into the Lambert home.

Miss Arbeiter is said to have told detectives she responded to a knock (Continued On Page Two)

WASHINGTON, April 13.—While European statesmen wrangled over whether the militarism of Hitler or the imperialism of Mussolini should be curbed, and border tension increased between Soviet Russia and Japan in the Far East, the United States government today turned to preserving peace on this continent.

Encouraged by the enthusiastic support of the South American nations for President Roosevelt's proposal to hold a Pan-American peace conference this summer, Secretary of State Cordell Hull made public the suggestions put forward by the presidents of the Latin republics concerning how best peace can be preserved among the American nations in the face of a war-scarred and feverishly arming world.

Maj. Gen. Hagood Restored To Duty; Is Sent To Chicago

Will Take Command Of Sixth Corps Area At Chicago, May 2

REINSTATEMENT IS ANNOUNCED TODAY

Hagood Relieved Of Duty In February For Criticism Of Democratic Spending

(BULLETIN)

(International News Service)
WASHINGTON, April 13.—Maj. Gen. Johnson Hagood, relieved of his command some weeks ago because of his criticism of the administrations spending policies, was restored to duty today and assigned to command of the Sixth Corps Area at Chicago.

Gen. Hagood will take command at Chicago on May 2, succeeding Gen. Frank R. McCoy, who is transferred to command the Second Corps Area at New York, effective the same date. At the time of his suspension for duty, Hagood was commanding the Eighth Corps Area at San Antonio.

Conference At White House
Reinstatement of Hagood followed quickly in the wake of a conference which he had with President Roosevelt on Saturday. He emerged from the White House smiling and in a much more cheerful mood than when he had previously seen the president about the latter's train several weeks ago, at which time it was announced that he would take a three-months leave of absence.

After Saturday's conference, Hagood visited the war department and conferred with Secretary Dern and Gen. Malin Craig, chief of staff.

Removed On February 21

It was on Feb. 21, last, that the orders were issued removing Hagood from command of the 8th Corps Area and sending him home to "await orders." This action, which precipitated a political tempest in congress, was the outgrowth of Hagood's outspoken criticism of the administration's spending policies.

In testifying before a congressional committee, Hagood described WPA funds as "stage money," and asserted it was "harder for me to

Bartholomew Asks Aid In Locating His Missing Wife

NEW YORK, April 13.—The father of Freddie Bartholomew, talented young film actor, from his London home today cabled an urgent plea that California newspapers aid in locating his wife, Lillian, who disappeared here last week following her arrival to initiate court proceedings seeking to regain custody of the youthful screen star.

Freddie's aunt, Millicent Bartholomew, was given custody of the lad in a Los Angeles court order last October. The order is slated to become final by April 22 unless the parents file objections by that time. It was to file such objections that Freddie's mother arrived—and disappeared—in New York last Wednesday.

Troops Reported As Penetrating To Shore Of Lake Tsana

GRAVE REACTION IN LONDON SEEN

(BULLETIN)
(International News Service)
ROME, April 13.—Stationing tanks almost within gunshot of British border sentries, a motorized Italian detachment has dashed 100 miles through the heart of the British zone in northwestern Ethiopia and occupied Gallabat, important caravan center on the Anglo-Egyptian Sudan frontier, a sensational dispatch from the front revealed today.

In another thrust certain to cause grave reaction in London on the eve of a fresh peace attempt, troops of Brigadier-General Achille Starace, secretary of the Fascist party, penetrated to the very shore of Lake Tsana.

Advance Continues

"The victorious advance of our troops continues in various sectors of the northern front," today's communique telegraphed by Marshal Pietro Badoglio said.

"One column, moving from Gondar yesterday, occupied the peninsula of Gorgara on Lake Tsana and hoisted the Italian tricolor on the shores of the lake.

"Our troops were welcomed by the population.

"During the advance the shores of the lake were linked with Gondar by a highway constructed by the troops.

"Another column, composed of a motorized detachment of the camel corps, equipped with whippet tanks, occupied the Abyssinian outpost of Gallabat, west of Gondar. Groups of the enemy fled.

"The Italians lost 46 white soldiers killed or wounded during a southern engagement near Uardere. Enemy losses were considerable."

Pugilistic Tendencies Of Few Of Male Hollywoodians Come To Sad Ending

(International News Service)

HOLLYWOOD, April 13.—Black eyes adorned the faces of two members of the film colony here today, as Hollywood rocked with reports of an Easter-tide punctuated by two of its famous "one-punch" battles.

First victim was Edward Forest of San Francisco and Hollywood, an escort of Actress Helen Twelvetrees, who dropped under the onslaught of her estranged husband, Jack Woody.

Second to fall on a night club floor was Harry Ruskin, polo-player and screen writer, struck by yet another writer, Robert Riskin, member of a party which included such celebrities as Actress Barbara Stanwyck and Comedian Zeppo Marx.

The Woody-Forest fray, which took place at a Forest was stepping out of a gaily spot, was regarded by some as the first round of the divorce action of blonde Miss Twelvetrees, who is scheduled to go into court against her husband here Wednesday.

The second affair, which took place in a densely populated dancing spot, was the more spectacular. Riskin, it was reported, made some remark concerning a friend of Riskin.

Carl Lynch, editor of the Seamen's Journal, estimated that of the 100,000 members of the International Seamen's Union of America, 35,000 work out of the eastern ports and of this number "less than 1,000" are radical in their tendencies.

Mrs. Bessie McGonigle.

Mrs. Bessie Mangan McGonigle, a well known funeral director of this city, passed away at her residence on North Beaver street, Sunday, after an extended illness.

Mrs. McGonigle had been engaged in the funeral directing business for 30 years and was a charter member of the Lawrence County Funeral Directors' association. She was the first woman to be granted a license to do her own work in Pennsylvania.

Mrs. McGonigle was a member of the Ladies Maccabee lodge No. 89 and of St. Mary's church.

Her husband, John McGonigle, died a number of years ago. One son, Bradley McGonigle; one daughter, Mrs. Louise Quinn, and three grandchildren, of this city, two sisters, Miss Ella Mangan and Mrs. Emma Mangan, and one nephew, Richard Mangan of Pittsburgh, survive.

Requiem mass will be celebrated in St. Mary's church on Wednesday morning at 10 o'clock and interment will be made in St. Mary's cemetery.

Mrs. Hunter Funeral.

Funeral services for Mrs. Elizabeth A. Hunter, who died at the home of her daughter, Mrs. Jess Carr of Volant, Pa., were conducted Saturday afternoon at 2 o'clock at the home of her son, J. R. Palbearers were Howard Carr, Theron Carr, Robert Hunter, Wesley Mann, Carl McCreary and Raymond Maxwell. Interment was made in Oak Park cemetery.

Mrs. Manville Foster.

Mrs. Emma M. Foster, aged 68 years, wife of Manville Foster, died at her home in Plaingrove township, where she had been a lifelong and prominent resident, on Sunday afternoon at 4 o'clock. Death was due to a stroke of apoplexy.

Mrs. Foster was born in Plaingrove township, the farm next to that on which she passed her life-time, on April 25, 1868, daughter of William and Nancy Ray Caldwell, a pioneer Lawrence county family.

Had she lived until June she and Mr. Foster would have observed their 50th wedding anniversary. Mrs. Foster was a very active and faithful member of the Plaingrove U. P. church. She will be missed by the congregation and by the entire Plaingrove community which knew and loved her so well.

She leaves, in addition to her husband, two daughters, Mrs. Stella McCleary of Plaingrove and Miss Nellie Foster at home; one son, Ray Foster of Plaingrove township; one sister, Mrs. Jennie Ray, and two brothers, Everett Caldwell and William Caldwell, all of New Castle. Wolf of East Morton street, became the bride of George Edward Wright, son of Mrs. J. A. Wright, East Washington street. The Rev. F. E. Stough, pastor, officiated with the impressive ring service before an assemblage of guests, including the immediate families, relatives and a few friends of the young couple.

The bride, attractive in a beige summer dress suit with accessories in sand brown, wore a shoulder bouquet of cymphibium orchids. She chose as her only attendant Mrs. John Darby of this city, who was attired in a black ensemble, with accompaniments in white. A shoulder corsage of gardenias adorned her shoulder. Mr. Darby served the groom as best man.

THE BIG DAY

IN THE countryside spring may have arrived with the appearance of the first robin or when the first crocus pushed its way into view. But to thousands of city youngsters—grown up and otherwise—these were, if anything, but empty preliminaries. To them the real curtain raising takes place when the major league baseball parks are thrown open for the summer and the familiar cry of "play ball!" echoes across the land, this week.

The outlook for the baseball fan in the sixteen major league cities this year is one calculated to raise his spirits even more than normally. The meteorological, the political and the economic predictions may not be so happy, but the respective local pennant forecasts could scarcely be improved upon. What's that? Even the experts can't be right all the time, and besides, this is another year!

DANGERS OF PUBLIC LIFE

It is the misfortune of some official personages, notably congressmen, to be frequently photographed in the raiment of the rich when, back home, they work seven days a week demonstrating they are really the companions of the poor.

The statesman probably does not live who, at one time or another, was not faced with a horrible, deplorable, sartorial dilemma. He must go to banquet or ball in black broadcloth and white linen, but he must not be seen thus at home. The unfortunate part of it is, he may be photographed at the fete and like as not the picture will get to the public journals of his bailiwick. These journals, not sharing his distress, may spread his likeness over their pages. Thus is the good work of plain talking, plain dressing and filling the role of the common man undone.

The danger is ever present and growing worse. There is hardly a congressman who can escape the necessity of dressing, at least once, in the garb allied to mammon. The dinners, dances, receptions and teas apparently have no end. Our statesmen have to attend them, whether they want to or not, and whether they cost one dollar or fifty of them, and usually they just "drek." On their behalf, we view it with alarm. Someone should call a halt on the social season—at least until after the election.

CRUSADING FOR LOST CAUSE

In the candidacy of Colonel Henry Breckinridge for the Democratic nomination for president there is a suggestion of the quixotic. Colonel Breckinridge is not, as might be assumed rashly by those unfamiliar with his personality and his career, a political charlatan.

He is a serious-minded, conservative, able lawyer who stood high in the Democratic party during the administration of Woodrow Wilson. He has no delusions concerning the course he is following. He knows that, although he has entered the Democratic primaries in New Jersey, Maryland and a number of other states, he has no chance of wresting the party's standard from the grip of Mr. Roosevelt. Colonel Breckinridge feels, however, that the dissidents within the fold should have a medium through which they may express their feelings of opposition to present party policies and the course followed by the national administration. He knows that he will receive meager support and that his participation in the campaign will barely be noticed.

Nevertheless, he believes that there are certain principles involved and that they should be supported. It is inconceivable that anything in the nature of practical benefit can be accomplished by Colonel Breckinridge's venture. It is refreshing and wholesome, however, to hail the occasional appearance on the political scene of an unselfish and an idealistic spirit ready to make a fight for a lost cause.

SHUSH-SHUSH!

There are several things which spokesmen of the administration will not mention in their 1936 campaign broadcasts.

Nothing will be said about the 12 million unemployed.

Very little will be given in the way of an estimate of the actual value of the American dollar or its prospective value on the day after tomorrow.

Almost nothing will be said about the invalidation of N. R. A. and A. A. A., and slender claims, if any, will be made for the efficacy of the late Blue Eagle.

No mention will be made of the fact that the country's national debt has increased by about 10 billion dollars since 1933, and that it is increasing today more rapidly than ever before.

No promise that is of the slightest value will be made concerning whether there is or is not to be currency inflation.

Practically nothing at all will be said about the enormous increase of various kinds of federal taxes.

No convincing prediction will be made that the "new A. A. A." or (S. C. S.) can stand the test of constitutionality when (after the election) it reaches the supreme court.

And the public will be asked to forget that Mr. Roosevelt's effort at re-election is being supported by a battery of salaried office-holders, about a fifth of a million of whom have got onto the public pay roll since Mr. Roosevelt took office.—Fort Wayne News-Sentinel.

The human equivalent of a flat tire is a broken spirit.

Turning the corner on two wheels may mean prosperity for the undertaker.

We wonder occasionally if a man with a cigarette between his lips doesn't feel sort of effeminate.

There is only one way to avoid being blue-penciled by your superior. Never write anything that matters.

The way to a man's heart isn't through his stomach, ladies. You just reach up casually and adjust his tie.

Census men say our population will be stationary in a few years. They probably mean that gasoline will give out.

A clergyman says it is not wrong for young people to kiss. Notwithstanding that fact the practice will retain its popularity.

The teacher of modern history just teaches it as it comes along, leaving for some later and more leisurely generation to determine what it's all about.

The League of Nation's success in preventing Mussolini from ravaging Ethiopia will not go down in history as the greatest accomplishment of the century, at least.

Easter Comes: Life Returns.

Energetic Dancing Ladies.

The Lens And Joe Louis.

Jefferson Would Stare.

By ARTHUR BRISBANE

YESTERDAY WAS EASTER Sunday, and this is a really big country, so there was happy "wonderful Easter sunshine" in some places, disappointing rain or cloudy weather, in others.

Everywhere Easter should remind Americans that what dies in the fall returns to life in the spring, and inspire faith that what died away in 1929 will return to life, sooner or later, in blossoming prosperity, greater than ever.

In New York 12 young ladies make a specialty of dancing and wanted the national government to continue paying for plays, operas or something in which they might dance. They demonstrated so violently around the government employment agency that police had to drive them away.

Never sould the danger in young ladies that know how to dance; rather read Euripides "Bacchae" and learn what ladies can do to a man once they start. They hardly left a shred of poor Dionysus.

MEN UNEMPLOYED are milder. They are only going to parade back and forth before the White House, and perhaps organize a "hunger march" on Washington, during the political conventions.

The government, presumably, will be asked to see that the hunger march is properly fed while it marches, and supply the necessary cash for incidental expenses.

THE TELESCOPE LENS, 200 inches in diameter, a giant "eye" that will carry the mind of man 900 million light years into space, has finished its journey from the Corning glass works in New York to Pasadena, Cal., there to be polished for use. Think of an "eye" of crystal weighing 70,000 pounds, able to carry the mind of man six trillion times nine hundred million miles into space.

IF THE HUMAN race were civilized, every city through which the great "eye" travels would send a delegation to honor it on its journey; crowds would gather. Now they would gather when the traveler is Joe Louis, invincible colored prize fighter, instead of a mere scientific "gadgets."

"YOUNG DEMOCRATS of America" have arranged in many cities to celebrate tomorrow the birthday of Thomas Jefferson who appeared on April 13, 1743, helped to organize the Democratic party and might not recognize it if he returned to "look at the darn thing now."

Jefferson thought the national government should meddle not at all in the business of the states, or of individuals. That idea has gone into the waste basket.

PRESIDENT ROOSEVELT broadcasting tomorrow for those "Young Democrats of America," may say something about the responsibility of youth to America. He might remind youth that it once was expected to carry its share of the load, instead of merely complaining.

THE JEWISH race has been remarkably successful in proportion to its numbers, and Federal Judge Leon R. Yankwich, analyzing Jewish law and Talmudic teachings before the Western Jewish Institute at Los Angeles, shows that Jewish youth was compelled to respect the old, whether it wanted to or not.

Jewish Law, according to Judge Yankwich, had four capital punishments, "stoning, burning, slaying by the sword, and choking."

Crucifixion was unknown in Jewish law, it was a Roman punishment.

In Miami and other southern cities they have parkometers. It is sort of a clock affair on the top of an iron post. The street is marked off in car lengths. When one parks he puts a nickel in the

slot on top of the iron post and this pays for one hour's parking. If another nickel is not put in at the end of an hour the fine is \$3. Very few cars are found parked on the streets with those parkometers on them. One city collected about \$1,400 in fine in nine days. Very few people want to pay for parking a car.

We stood near a gun that gave the presidential salute to President Roosevelt. It seems to us a smaller gun would do just as well. We couldn't hear for an hour after hearing the shots. We were about 200 feet from the gun. It made us think how much better the salutes of our old comrade Joe Trax were.

League Seeks United States

British Diplomats Try To Get This Country Into New League Of Nations

BRITAIN NEEDS POWERFUL ALLY

Central Press Washington Bureau 1900 S street
By CHARLES P. STEWART
Central Press Staff Writer
WASHINGTON, April 13.—The latest campaign to get Uncle Sam into the League of Nations has not made much progress yet, but it will attract increasing attention as advocates of the plan get more and more effectively into action.
The suggestion is British and the British are brilliant propagandists. They may not attain their objective in this instance, but it never is safe to bet that they will not get what they want when they make up their minds to do so. They will make a formidable effort anyway.
American public opinion undoubtedly assesses the league as a fizzle

at present. However, American public opinion was dead against going into the World War when it started. Nevertheless the allies needed us, the British did the propagandizing and in due course we were converted.

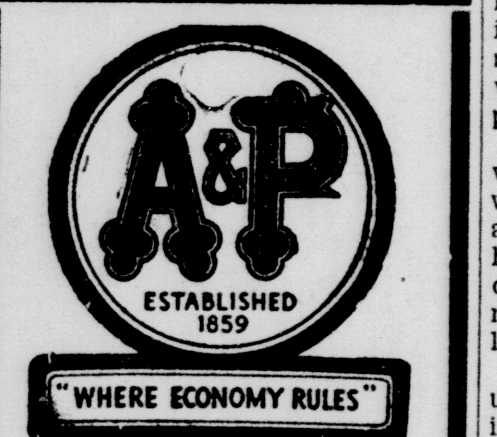

JOHN BULL'S REASONING
As usual, John Bull's reasoning is sound—from his standpoint. He is in a dangerous jam on his side of the ocean.
His interest is against Italy's in Ethiopia, where Mussolini evidently has practically won his war with Haile Selassie, and seems likely to gain control of the Nile headwaters, threatening British-controlled Egypt's irrigation system, besides digging himself in at a strategic point on Britain's road to the Far East.
With France's support the British probably could checkmate Italy, but the French are unwilling to offend the Italians, believing that they may require their help against Germany. Moreover, also, as insurance against German aggression they are tied up in an alliance with Russia, which is one of John Bull's bugbears.
By force of circumstances, Britain now is mildly pro-German, but Germany has not sufficiently recovered from the last war to be a very dependable partner.

BRITAIN'S FLIGHT
John Bull, then, is perilously almost alone in the midst of an ominous looking situation. What he wants is, not so much Uncle Sam's participation in the League of Nations, as Uncle Sam for an ally.
And, together in the league, John Bull and Uncle Sam doubtless WOULD be a party against the other league members, by reason of common traditions and a common language. If it came to an intra-league clash, presumably they would be united against the remainder of the league membership—and it is quite possible that Uncle Samuel would be the deciding factor, as he was in the World War.
Of course John Bull is hopeful that Uncle Sam, as a member of the league, by his very bulk would avert another war.
Perhaps it would turn out that way.

Yet the league's weakness is that it guarantees the participation of any league member, whether interested in it or not, to take a hand in any war involving a couple or more of other league members.
What, for instance, does the United States care for Italy's war in Ethiopia?
Still, if a member of the league, we might be committed to fight for Britain's title to the Nile headwaters.

A CHANGED LEAGUE?
The British, to be sure, do not argue for a continuation of the old (and still existent, though battered) league, as outlined by the framers of the Treaty of Versailles. They propose a rejiggered league, based on more rational principles. But the new principles are supposed to be Britishly rational. And the United States is expected to fight for them in an emergency.

for Digestion's sake... smoke Camels

Copyright, 1936, R. J. Reynolds Tobacco Company, Winston-Salem, N. C.

BARONIAL DINING at the Winter Place Tavern in Boston. Theodore Roosevelt, Enrico Caruso, Henry Cabot Lodge praised its famous fare. Here Camels reign supreme. Nick Stuhl (left), maître d'hôtel, says: "Camels have the gift of making great dishes more enjoyable. Camels are the most popular cigarette at the Winter Place Tavern."

MEASURING THE EFFECT on digestion of smoking Camels (above). Delicate machines measure the flow of digestive secretions. The evidence shows that smoking a Camel increases the secretion of digestive fluids. The importance of this extra secretion in facilitating digestion is a matter of common knowledge. So smoke Camels... for digestion's sake... and for their costlier tobaccos. Camels set you right!

PARACHUTE JUMPER. Miss Uva Kimmey says: "My life depends on making no mistakes. I smoke Camels for digestion's sake. They encourage digestion in a pleasant way. Camels set me right!"

WORKING AGAINST TIME. Bob Duffey, steam-shovel operator, says: "Work comes first—eating, second. You grab a bite when you can. But trust Camels to make even a quick meal taste good and feel good."

Costlier Tobaccos!

● Camels are made from finer, MORE EXPENSIVE TOBACCOS—Turkish and Domestic—than any other popular brand.

THE PARENT PROBLEM

By Garry C. Myers, Ph. D.

DOUBLING FOR PARENTS
Mothers of young children who have constant or occasional domestic help face numerous problems. Ideal helpers are such that in the mother's absence they can take her place, doing as nearly as possible as she would do herself, administering all necessary discipline, assuming full control. Such helpers are not plentiful, nor are many parents willing to have a stranger discipline their children.
As a consequence, the person left with the child may so cater to his whims as to avoid conflicts and get along with him well enough to hold her job. Or, she may become an official tattler, reporting to the mother, on return, the child's delinquencies.
The mother, as a rule, will follow up the tattler's report by questioning the child, almost surely causing him to lie. Upon his testimony, or the tattler's, she administers punishment. It does no good because it is too far delayed. Her coming home grows to be a trying time for

her and for the child, causing him eventually to dread her departure or arrival.
Well trained nursemaids ought to be in great demand. Many mothers choose them carelessly; others, who are wiser, find few good ones to be chosen. In the near future, caring for young children in the home will become a highly trained profession, which will attract many capable young women. High schools will be offering courses in the field; so will colleges and universities. Here and there elementary courses are already available.
Bring Nursemaids to Class
An occasional mother in my college parent classes registers her nursemaid, bringing her along to school with her. A few others send their maids the following year. A number of these parent students tell me that they regularly sit down with their help and go over in detail the notes of the lectures and class discussions. These parents see how ineffective their own training of the child is, unless they share this training with those who for so much of the child's time are responsible for him. A number of parents work out study courses for their nursemaids, selecting books and pamphlets they can study profitably.

Amelia Earhart Will Relate Her Flying Experiences

Noted Woman Flyer To Tell Story To New Castle Audience, April 23

You would know her if you met her in the middle of South Africa or any other remote corner of the world.

Wind-blown bob, wide smile, straight boyish figure. All the world knows her as the first woman to fly across the Atlantic.

First woman to solo across the Atlantic.

First person to solo across the Pacific from Honolulu.

First person to solo from Mexico City to New York.

Foremost woman pilot.

Amelia Earhart is different—different from any other person. Simplicity itself, direct in manner, with no affectations or pretensions and yet with a quality that sets her apart. She is Amelia Earhart, Incorporated, and none else.

Her whole story is the Story of Aviation. Following her graduation from high school, she was a student at Ogeon School for Girls, a nurse's aide in a Toronto hospital for war veterans and a premedical student in Columbia University. Joining her parents in California, she attended an air meet, where she met her fate. Her trial hop was with Frank Hawks and she came down "ready to sign up for instruction in flying at any price." She pawned jewelry for her fur coat to get the money for a plane and worked as a file clerk to keep up her lessons—without her father finding out where the money was going. Then followed a period of meets and stunting, during which she established a new altitude record for women, rising 14,000 feet.

Returning to the East, after a summer social settlement work in Boston. There she joined the local chapter of the National Aeronautic Association and it was through this contact that she was selected to make the trans-Atlantic Friendship flight, the events of which are now history.

In her lecture here on Thursday, April 23rd, she will tell of her aviation adventures, of the moaning and possibilities of flying in general, especially as they relate to women. Her story holds a wealth of dramatic interest, always toned with whimsical humor.

The quotation "absence makes the heart grow fonder" is from the "Isle of Beauty," by Thomas Haynes Bayly.

Will Take Your Fingerprints At Mercer Station

State Police Have Paraphernalia To Do Work For Citizens

(Special To The News)

MERCER, April 13.—The Mercer station of the state police has received a quantity of material for taking the fingerprints of any desiring them. This finger printing has no connection with those taken of persons with a record, but is for the purpose of establishing identification, lost and kidnaped children, those found dead, injured and those unable to furnish their identification. The state keeps a record card, and a personal identification card with a finger print on it is given to the subject to be carried the same as other cards. The system is being established throughout the country, and many are taking advantage of it.

The finger printing is being done without expense and persons desiring to avail themselves of it can communicate with Corp. Marcus White or others of the detail.

Leesburg Club Meets Tuesday

(Special To The News)

MERCER, April 13.—The Leesburg Community club will meet Thursday evening, April 14. W. T. McCoy, of Mercer will speak on the subject, "Washington the Farmer." Many people have been able to tell about Washington as a General or a statesman, but Mr. McCoy has made an extensive study of Washington as a farmer. He has spoken on different occasions before, and his discourse has been interesting and well received. Selected music will be given in connection with the program.

AROUND CITY HALL

Autoists will appreciate the re-vamping of the bridge which crosses the Shenandoah river in West Washington street. When the bridge was altered from its original design and no lights installed several automobile accidents occurred. It resulted in a controversy between city and county authorities and lights were finally installed. Since then the accidents have been fewer. However, when the fire trucks pass over the bridge there is only a clearance of a few inches. It is not known when the work will get under way.

Cleveland authorities have tested out a new device which shows whether or not a driver is under

the influence of liquor. Should Cleveland adopt the machine officially it is probable that authorities of other cities will inspect the machine. The tests were made on two reporters and a news photographer.

With good weather not far in the offing, schedule of the streets sweeper will again be made operative. During the past several years in summer the sweeper has operated downtown twice weekly, at mid-night each Tuesday and Friday. An ordinance prohibits the parking of

cars between 12 midnight and 6 a. m. when the sweeper operates.

It is expected that the council will request the civil service board to submit a list of eligibles for the police department so that several men can be named to the force some time this week. Each man appointed will be assigned several months' training at the state police school at Hershey, Pa.

CLEVELAND VICTIM OF AIR CRASH NEAR DEATH

C. G. Challinor May Not Live

Gangrenous Condition Continues Despite Amputation Of One Leg

**INJURED WOMAN
LIKELY TO RECOVER**

(International News Service) PITTSBURGH, April 13.—C. G. Challinor of Cleveland, one of the three survivors of the tragic crash of the TWA "Sun" in the mountains near Uniontown with a toll of 11 lives, hovered dangerously near death today as federal investigators resumed their probe of the catastrophe.

Despite further amputation of his left leg to halt a gangrenous condition, Challinor's condition was described as "very critical" by Uniontown hospital attaches this morning. At his bedside, his wife, who believed herself a widow last week when Challinor was erroneously listed among the dead, kept vigil with her father-in-law.

Woman Improves.
Mrs. Meyer C. Ellenstein, wife of the mayor of Newark, spent a "very restful night" and continues to show improvement, the hospital reported. Miss Nellie Granger, the heroic hostess and third survivor, was kept in seclusion at the hospital and may be prevented from appearing before the federal investigators.

TWA officials, "from the vice-president in charge of operations on down," were to be questioned by the investigators of the department of commerce and the senate committee on air safety, according to Maj. R. W. Schroeder of the commerce department.

Jack Herron, control tower operator at the airport here, told the probers Pilot Otto Ferguson heard landing instructions with great difficulty shortly before the plane crashed in the wild mountains.

Altoona Woman Held For Murder

**Accused Of Butcher Knife
Slaying Of Railroadman,
Edward Smith, 37**

**HYSTERICAL WHEN
FOUND BY POLICE**

(International News Service) ALTOONA, April 13.—Hoping her hysteria soon will subside, police today sought to resume their questioning of Mrs. Betty Hassan, 22, an attractive brunette charged with the butcher-knife slaying of Edward Smith, 37, a railroadman for whom she kept house.

Mrs. Hassan was excitedly embracing the body of the man and sobbing hysterically when police broke into the Smith apartment, according to Lieut. C. O. Spicer. An information charging felonious homicide was filed against her by District Attorney Chester B. Wray. Smith died of a butcher knife wound police said.

Wray said Mrs. Hassan, working as a waitress, had a husband in Ohio and had been keeping house for Smith, a railroad fireman whose wife died four years ago. Smith's two children, Isabel 13, and Edgar 11, were asleep in another room when police entered.

"Oh daddy, daddy, you can't go away; I don't want you to go away," Mrs. Hassan was sobbing when he entered, Spicer said.

James M. Beck Taken By Death

**Heart Attack Ends Brilliant
Career Of Former Solicitor
General Of U. S.**

**SERVED SEVERAL
CONGRESS TERMS**

(International News Service) WASHINGTON, April 13.—James Montgomery Beck, 74, formerly solicitor general of the United States and a Republican member of the house from Pennsylvania, one of the first critics of Roosevelt laws, was being mourned today.

Apparently in good health at luncheon yesterday, he was stricken with a fatal heart attack a short time later. He had a home here and maintained law offices here and in Philadelphia.

Nineteen months ago the house was astonished when Beck arose and said:

"Under present conditions congress is merely a rubber stamp for the executive and to be one-fourth hundredth part of a rubber stamp no longer appeals to me."

He resigned during his third term of office. Since then, September 13, 1934, Beck had been making speeches attacking the constitutionality of Roosevelt measures, including the NIRA, the AAA and others the supreme court declared illegal.

At his bedside were his wife and daughter, Mrs. Beck Turk. His son, James Jr., is in London. Beck was a native of Philadelphia and had started his political career as a Democrat.

Hold Brother Of George Skidmore

**Charge Of Accessory To Murder
Made Against Pitts-
burgh Man**

(International News Service) PITTSBURGH, April 13.—Denied release on a writ of habeas corpus in the first session of common pleas court over held on Easter Sunday here, Leonard Skidmore was held in jail today pending grand jury action on a charge of being an accessory in a murder with which his brother, George, is charged.

Judge Michael A. Musmanno denied the writ when detectives testified formal charges have been made against Leonard Skidmore in the slaying of Charles Hammond, a

crippled gasoline station attendant. George Skidmore was recently returned from Grangeville, Idaho, on a charge of murder for Hammond's death.

Skidmore, 24, was seized Saturday by county detectives after he was alleged to have gone to a garage once used by his brother before the Hammond slaying six years ago and removed a gun that was buried there. His attorneys, Harry M. Irons and Charles B. Prichard, went to the home of Judge Musmanno and presented their petition Saturday night. Judge Musmanno held the hearing at 1 o'clock Sunday afternoon.

President Will Make Political Address Tonight

(International News Service) WASHINGTON, April 13.—Preceded by an old-fashioned torchlight parade, President Roosevelt will return to the active political arena tonight in Baltimore where he is scheduled to address a mass meeting of some 20,000 young Democrats.

Observers generally anticipated that the president's remarks, which will be nationally broadcast, would have an important bearing on his campaign for re-election.

Among those present at the Baltimore rally will be the 48 state presidents, national committeemen and committeewomen, of the young Democratic clubs of America. The meeting arranged particularly that Mr. Roosevelt might chart a course of campaign procedure for his younger adherents among the electorate.

Reports received revealed the wonderful response given the appeal. There was not a district which did not exceed all previous efforts. The original quota for the county had been set at \$2,000, and later doubled.

W. V. Anderson, Mercer, treasurer, reported the total raised. District chairmen had many interesting reports to make of the manner in which contributions, some from persons who had themselves felt the sting of want during the depression, had come in.

The secretary, Miss Evelyn Patterson, is preparing a report which will give in detail, the various contributions.

Rivers Congress Will Consider Canal Project

By ARTHUR C. WIMER
Special Washington Correspondent
New Castle News

WASHINGTON, D. C., April 13.—The proposed improvement of the Beaver and Mahoning rivers will be one of the projects considered by the Projects Committee of the National Rivers and Harbors Congress the latter part of this month, it was announced at the headquarters of the organization here today.

The 31st annual convention of the Congress will be held in the Mayflower Hotel, April 27 and 28. The Projects Committee will meet April 24 and 25 to prepare recommendations for the Congress to consider. The Beaver-Mahoning canal is one of the proposed improvements which will be taken up at the meeting of the Projects Committee.

In the past, the Rivers and Harbors Congress has endorsed the canal, and it is assumed the organization this year will again urge Congress to make funds available for commencement of the improvement. It is expected the Congress will also recommend flood-control projects to prevent such inundations as those which recently occurred in Pennsylvania.

Brandon Announces For Congressional Post As Republican

Butler Attorney Seeks Nomination For 26th Congressional District

J. CAMPBELL BRANDON

To the Voters of Beaver, Butler and Lawrence Counties:

At the primary on April 28th there will be nominated a candidate for Congress from the 26th District on the Republican ticket. For that nomination I now ask your support.

The duties of a representative in Congress are many and require thorough knowledge not only of our laws and form of government, but also of the life of the district and its needs. As an active practicing lawyer for more than twenty-five years in Butler, I have had the opportunity to study legislation and national affairs. My wide acquaintanceship in the three counties has brought me into close touch with the people of this district and to an intimate knowledge of their needs.

To prepare for my work in the legal profession, after attending the Butler Schools I went to Mercersburg Academy and was graduated in 1906 from Princeton. Then I attended Harvard Law School and have since devoted my time to the practice of law.

I have always been interested in and closely identified with the industrial, religious, social and fraternal life of the district.

Two years ago in the Congressional primary I carried eighty-three of the eighty-five precincts in Butler County, tied in one and lost one, and in my home county I led my nearest opponent by over 4500 votes.

During the World War, being over the draft age, I entered Welfare work and went with the 28th Division, the Pennsylvania National Guard, to Camp Hancock, Augusta, Georgia. In France I served with the Marines of the Second Division at Belleau Wood and with the 28th Division at Chateau Thierry, on the Vesle River and in the Argonne. After the Armistice I was transferred to Coblenz, Germany, with the Army of Occupation, serving in all twenty-three months.

This district is predominantly Republican and should send a Republican representative to Congress. If nominated and elected I shall speak and work for the best interests of my constituents and the nation as a whole, to bring about proper readjustments and, at the same time, take adequate care of those in need.

It upon investigation you feel that I am qualified to fill the office I shall greatly appreciate your vote and your help.

Sincerely yours,
J. CAMPBELL BRANDON.

Jefferson Day Dinner Program Is Now Complete

Mrs. Emma Guffey Miller Is Unable To Attend—Substitute Speakers Named

Plans for the Jefferson Day dinner to be held by the Young Democratic club on Tuesday evening were announced today by the secretary of the organization, Miss Marguerite Uhl. The dinner will be held in the dining room of the First Christian church at 6:30 o'clock.

Originally it was intended that Mrs. Emma Guffey Miller would be the speaker, but Mrs. Miller is unable to be present. Instead, Attorney Matthew P. McGuire, special assistant to the attorney general in Washington, D. C., will be present, and in addition, Deputy Attorney General Manuel Krauss of Harrisburg will speak. The local speaker will be Mrs. Agnes B. Howley of New Castle, who will speak on "Soil Conservation."

Similar dinners are being held all over the United States honoring Thomas Jefferson, founder of the Democratic party. The sponsorship of the affair in New Castle was turned over to the Young Democrats and they have been laying plans for a number of weeks.

All of the speakers listed are able, and each of them has a different theme to present. It is expected that the First Christian dining room on the public square will be crowded for the event.

Findley K. Boyd, president of the Young Democrats, will preside at the dinner and introduce the speakers.

Ask 'Jafsie' To Give Testimony

Trenton Grand Jury Requests Dr. John F. Condon To Appear

PROBING CASE OF PAUL H. WENDEL

(International News Service)

TRENTON, N. J., April 13.—The Mercer county grand jury, investigating the Lindbergh murder charge against Paul H. Wendel, has asked Dr. John F. Condon to appear before it when it reconvenes tomorrow, it was disclosed today.

Although the jury has no legal right to compel the famous ransom intermediary to testify before it, as he is a resident of New York state, Major Allyn Freeman, foreman of the tribunal and a close friend of Gov. Harold G. Hoffman, said he felt sure Dr. Condon would respond to a "request subpoena."

Freeman's "request subpoena" went out in the form of a telegram to the 75-year-old educator, last night, asking him to come to this city tomorrow and be questioned.

Condon could not be reached for comment early today, but it was learned on good authority that he would not go to Trenton and tell his story to the grand jurors unless Attorney General David T. Wilentz agreed it was the thing to do. The grand jury proceedings, which appear to be rapidly assuming the nature of a re-opened investigation of Wendel's repudiated "confession," and the whole Lindbergh case, will be featured by the appearance of more than 30 witnesses, headed by Governor Hoffman himself. Among those to whom subpoenas have been issued are Millard White and Amandus Hochmuth, who testified at the Flemington trial they had seen the executed Bruno Richard Hauptmann in and around the Lindbergh estate at the time of the crime.

A large throng is expected to crowd the synagogue because of this Yickor service. This is a service which all Jewish people feel obligated to attend. Passover is one of the principal of the yearly festivals. It is celebrated in the spring of the year in commemoration of the sparing of the Israelite first-born and the escape out of Egypt. Very impressive services have been conducted at Tifereth Israel and the other synagogues of New Castle.

New Castle High Ready For Battle With County Stars

Game At Washington Floor Tuesday Night Will Draw Crowd

Preliminary Game At 7:30 O'Clock, Windup Of 1936 Basketball

Basketball for the year 1936 will be officially closed here Tuesday night at George Washington Junior High floor when the New Castle High "Red Hurricanes" runners-up to Newport for the state championship will play the pick of the Lawrence County High School All-Stars. The big game will start about 8:15 o'clock. There is a preliminary game between the All-Star County Class B teams and the Washington High team at 7:30 o'clock.

This will be the last time for the fans to get a glimpse of the great "Red Hurricane" team of 1936 in action. Head Coach Phil Bridenbaugh has given the New Castle High boys light workouts the past week and pronounces them ready for a tough battle tomorrow night. The same lineup that faced Newport High at Harrisburg will start the game with Carl and Mumford at the forwards, Crommon and Strausbaugh at center, and Covelli and Adams at the guards.

Just who Coach J. K. Fredericks of Bessemer will use for this All-Star team is not known. Every school in the county is represented. There will be the cream of the crop in other words.

Several Combinations

Fredericks may start Flumer of Wampus and Young of Bessemer at the forwards, Kendall of East Brook or Lysko of Shenango at the center post, and Annerella of Union and Davis of New Wilmington at the guards. Or it may be Ostrosky and Macaluso, at the forwards, Kendall or Lysko at the center post and Hall of East Brook and Poushey of Bessemer at the guards. This would be another strong combination.

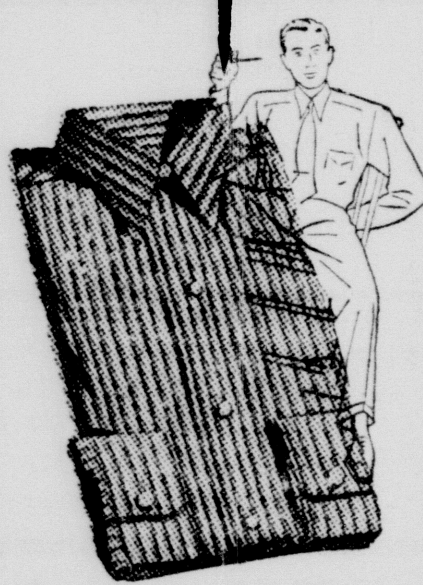

The game is being played as a benefit for the Lawrence County High School basketball players. The proceeds will be used to stage a combined banquet for all of the basketball players in the various county schools.

Expect Big Crowd

Tickets for the game have been selling quite rapidly. There is a strong possibility of a packed house for the game tomorrow night. All of the county coaches have tickets to sell at 35 cents each.

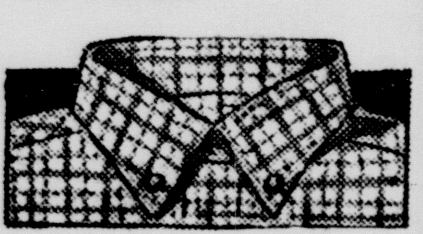

Student tickets are selling for 20 cents. There are 200 reserved seat tickets on sale at 50 cents each, according to Jay Rudolph of Union High business manager of the All-Star game.

Ryantown Plans Baseball Team

Will Play Independent Schedule This Year, Joe Samuels, Named As Manager

Ryantown will blossom out this year with a fast independent baseball team, according to an announcement by Frank Heasley today. The Ryantown team held a meeting Sunday and decided to organize a fast club.

Joseph "Joe" Samuels, one of the most popular managers to ever step a foot on a Lawrence county baseball field, has been named to manage the Ryantown team this year and his choice meets with instant approval of the fans and players alike. Henry Dupey has been named secretary of the team, with Harry Hergerroder as treasurer, and Frank Heasley looking after the business matters and advertising of the team.

Samuels has a surprise in store for the fans who watch the Ryantowns in action. Ryantown has always been noted for fine teams and good sportsmanship, but this year is to be one of the best years of all.

Any team that would like to book the Ryantown team for games can arrange them by calling Joe Samuels at 3705-M or by writing to Joe Samuels, Emery street. Players will report for practice just as soon as the weather permits.

Seek Two More Fast Teams For Lawrence County Baseball Circuit

Lawrence county baseball league managers and officials will meet tonight at the Sporting Goods store at 7:30 o'clock to make final plans for the opening of the baseball season here in the county in two or three weeks.

The franchises will be closed tonight. It is hoped that two more teams will see fit to join the circuit, making it a fast eight-team league. There are six teams in the league at the present time, awaiting the opening gun.

Six Teams In Fold

The following teams are now in the league: West Pittsburg, Carbon, Hillsville, Mahoning A. A., A. S. & T. P. and Colonial. Bessemer is undecided yet on the league.

Baseball is doing a comeback in Lawrence county as evidenced by the turnouts last year, and this year is to be another banner year, according to President Alec Samuels and Vice President W. G. Andrews. Tonight will definitely decide the Lawrence county league setup for this summer and it behooves each manager to be prompt in attending the meeting.

"MICKEY" McCLELLAND

It's the trophy (not the girl) that golfers contested for in the Santa Catalina island tourney at Avalon, Cal. April 10-12. Baseball Season Will Open Tuesday

Frick Refuses To Make Prediction On Winners Of 1936 Season

Thinks That Baseball Will Enjoy Fine Year, Clubs Are Improved

By PAT ROBINSON
International News Service Sports Writer

NEW YORK, April 13.—Although there are eight teams in each of the two major leagues, a careful check-up today reveals that no team in either league can possibly finish in eighth place.

This strange conclusion is reached by a species of alchemy known only to the master minds of baseball.

Ford Frick, prexy of the National league, and himself an old master minder from away back, has his own explanation of this mathematical phenomenon.

"Well," says Ford, "I can't speak for the American league, but speaking for my own circuit I can truthfully say all our teams are so good that the worst any of them can expect is a tie for seventh place."

So Mr. Frick meant that the Bees and Phils might be deadlocked in the seventh hole in October?

"Not at all," he replied. "It might be the Cards and Cubs or the Giants and Pirates. Not telling how much some of our second division clubs have improved over the winners. You might even see the Dodgers knocking off one of those inferior American league teams in the next world series, provided Casey Stengel retains his sanity, the pitchers keep their health and French Bordagary hangs on to his mustache and goatie."

Did Mr. Frick recall by any chance what one of those inferior teams—the Tigers to be exact—did to one of his superior teams—to wit, the Cubs—last fall?

"Let's not go into any unpleasant ancient history," said Mr. Frick hastily, "and besides I've got a luncheon appointment."

Pirates Open Home Season On Friday

Buccaneers Are Strengthened In Many Departments For Pennant Chase

(Special To The News)
PITTSBURGH, April 13.—The feast for the sports loving fans is all set, and before many more hours the baseball bugs will break forth full-winged and swarm to Forbes Field. For on this coming Friday, April 17, Pie Traynor's much rejuvenated 1936 pennant contender will open the home baseball season against Frankie Frisch's St. Louis Cardinals, also highly touted as an aspirant for top honors.

There absolutely is no question about the Buccaneers being strengthened in every department for the coming campaign and it would not be the worst prediction to say that the Pirates will be the

dark horse of the National League race. And this is not mere hearsay, but the serious opinion of some mighty good guessers.

The opening game will start at 3 o'clock after a very brief ceremony during which "Old Glory" will be raised, and Hon. Wm. K. McNair, mayor, Pittsburgh, will pitch the first ball from the mound with Al Todd on the receiving end. Hon. John K. Tener, ex-president of the National League and former governor of Pennsylvania will present engraved silver life-time passes for all major league ball parks to Pirate players who have served in the majors ten years or better.

Lack of money seen as greatly handicapping American chances in Berlin Olympic this summer.

Max Schmeling, confident he'll whip Joe Louis, prepared to start Wednesday for U. S. to start training for battle with Brown Bomber. U. S. Davis coppers completed rout of Mexico at Houston, with loss of only one set in five matches. Singles wins by Budge and Grant ended series.

Well, well, a checkup of National league managers showed none of them is going to finish in eighth place this year.

All clubs, incidentally, reported themselves ready for the opening of the 1936 season tomorrow. Now if the weather'll only cooperate.

Business Men Golfers Meet At "Y" Tonight

The first meeting of the year for the Business Men's golf league will be held at the "Y" tonight at 8:00 o'clock, with Charles P. Walther, president of the league, in the chair. Indications point to a fast six team league this year. The University and A. & P. Managers will be missing from the 1935 setup. The following teams are asked to have representatives at the meeting: Bankers, Bell Phones, Penn. Powers, Dentists, Ind. Grocers and New Castle News.

Max Schmeling Ready To Sail For Big Battle

German Heavy Will Meet Joe Louis In June At New York City

By WALTER DIETZEL
International News Service Staff Correspondent

(Copyright, 1936, By International News Service)
BERLIN, April 13.—Confident he will scalp Joe Louis in their forthcoming battle, Max Schmeling prepared today to sail for the United States Wednesday aboard the liner Bremen in search of pugilistic victory, renewed fame and a pot of gold.

"I expect to bring home a couple hundred thousand dollars," Schmeling told our correspondent with a grin. I guess Dr. Schacht (Hjalmar Schacht, German finance minister) won't mind that."

Asked regarding his feelings about fighting a colored man, the German heavyweight replied:

"I have no objection whatever, for there exists no racial dividing line in sports, and no one has mentioned the matter to me over here."

Hitler In Accord
Schmeling, who is making the trip with Chancellor Hitler's best wishes in his pocket, plans to get organized upon reaching the United States, and to start training at the end of April.

In an exclusive interview at luncheon in the exclusive west end of Berlin where he and his film-star wife, Anna Andra live, Schmeling indicated his forthcoming fight with Louis has been sanctioned by all important official German quarters. He added that physically he is in top-notch form.

"I read somewhere," he continued, "that Louis said he would kayo me once he finds a chance to land a punch. Well, the same applies from my side."

"I studied Louis carefully when he was throwing punishing blows at Paolino Uzcudun. He is a very good man, but not too good to be beaten. There is nothing outstanding about Louis, despite his nickname of "killer."

Softball League Meeting Wednesday

A meeting of all managers and officials of the city softball league will be held at the Y. M. C. A. on Wednesday night at 7:30 o'clock.

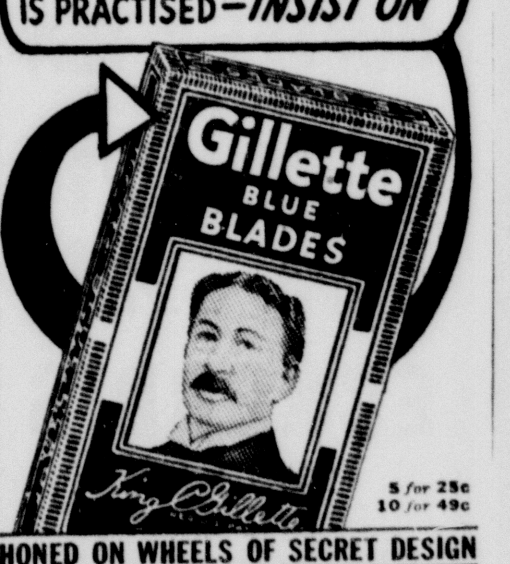

Whether or not New Castle has a softball league this year depends on the amount of interest shown at the meeting set for Wednesday night. This much is certain, there will be franchise money this year from each of the teams. The amount has not been decided upon as yet.

From all indications there will be a fast six or eight team league this year. Several new teams have been organized and will seek franchises in the league.

Exhibition Games Show Big League Teams Improved

New York Giants Display Power In Toppling Cleveland Indians

Pirates Win From Paducah, Kentucky With Weaver Hurling Two-Hit Game

(International News Service)

NEW YORK, April 13.—The dress rehearsals are virtually over and the sixteen major league ball clubs were standing in the wings today awaiting for the curtain to rise on the 1936 diamond season.

The teams, almost without exception, reported their training seasons successful and profitable.

The Brooklyn Dodgers concluded their training campaign at Ebbets field yesterday in a game with the Yankees and showed signs of being dangerously close to mid-season form, which means they handed the American Leaguers the game on a platter. The score was 7 to 4, and half the Yankee's runs were the result of Brooklyn errors and dull thinking. Broaca, Kleinhaus and Hadley pitched for the Yankees; Zachary, Leonard and Baker for the Dodgers.

Out in Chicago, the White Sox won the spring series with the Cubs, taking the fifth and deciding game by a score of 7 to 1. While Vern Kennedy and Red Evans were holding the National League champs to three hits, the Sox pounded Tex Carelton for four runs in the seventh and added two more runs off Charley Root in the eighth. Their first marker was second in the third.

Giants Scalp Indians

The New York Giants brought their long series with the Cleveland Indians to a close with an impressive 7-0 victory on the American Leaguers home lot. Joe Moore accounted for five of the Giants' runs. He hit a long homer in the second inning with the bases filled and then belted another round tripper, with the paths vacant, in the seventh. Al Smith and Harry Gumbert held the tribe to four hits.

The world's champion Detroit Tigers wound up their barnstorming tour with the Reds at Cincinnati defeating Charley Dessen's agents by 8 to 7, although the senior loopers outbit them 14 to 12.

The Tigers won five games in the series of nine, the Reds taking two and tying two others.

Browns Ahead

The St. Louis Browns scored three runs in a four-hit rally in the ninth inning to trim the Cardinals, 7 to 4, in the first of a two game St. Louis city series. Mahaffey, Van Atta and Caldwell pitched for the Browns, with Paul Dean and Heusser dividing the labor for the Cards.

The Philadelphia Athletics, who are expected to finish down in the Sally league, showed unexpected strength by defeating the Phillies in a 5½ inning game, that was halted by rain. The score was 4 to 3. Three home runs bounced off the Mackmen's bats.

Boston Bees Win

Up in Boston, the newly named Bees became spring champions of the Hub by tripping their colorful American League rivals, the Red Sox, 8 to 4. Danny MacFayden, Bill Chaplin and Ray Bengie held the vaunted Sox sluggers to nine hits, while the Bees were pummeling four rookie hurlers.

The Pittsburgh Pirates wound up their training on minor league fare at Paducah, Kentucky. The Pittsburghers loaned the kiddy leaguer two pitchers and then had difficulty beating them, 2 to 0. Flood waters filled the dugouts and the teams had to sit on the field.

East Brook A. A. To Meet Tonight

Members of the East Brook A. A. will have a special meeting at the East Brook school building tonight at 7:30 o'clock for the purpose of discussing plans for the annual basketball banquet at East Brook High later in the month.

The meeting will be conducted by President Lou Harlan. According to Miss Edna Waddington, the banquet this year will be bigger and better than ever. Elaborate plans are being made.

CHURCH GOLFERS TO MEET

The New Castle church golf league captains and officials will have a meeting Wednesday night at Elliott and Waddington store at 8 o'clock. It was announced by President Sam Lewis today. Definite plans for the proposed banquet of the league will be made at this particular time.

Money Matters Worry Olympic Bound Athletics

Cost Of Sending U. S. Team To Berlin Will Be About \$300,000

By DAVIS J. WALSH
International News Service
Editor

NEW YORK, April 13—Unless somebody finds a new place where they're printing the money nowadays America will go to the Olympic games at Berlin in August with a team that is not up to par in the one factor that sustained its tottering supremacy throughout the lean years at Antwerp, Paris and Amsterdam. It will have to be short on man-power.

The situation is so acute, I learn today, that reductions in personnel seem inevitable, even to the track and field team. There may be one entry, for example, in the javelin throw or none at all. Three will almost surely be none in the 10,000-meter run where invariably our sterling young men finish a few hours later than seems absolutely necessary.

Cost Is Enormous
In all other features of the track and field program, however, an effort will be made to preserve the original team-strength of three men for each event, although there is no assurance at the moment that this can and will be done. The original Olympic budget called for \$300,000 and it is my understanding that we now have in hand no more than ten percent of same.

One reason, more or less trivial, is that we spent a little money on the Olympic winter sports team, which didn't do itself exactly proud. The other is that many contributors to the fund in other years will have no part of this one because they hold some rather violent views against American participation in a country that seems committed to religious and racial prejudice. Anyhow, the big business patriot is not writing these checks this time with all the

exclamation syllables or "O. O. O's" after the first digit.

Having anticipated a certain reluctance in this connection, the Olympic committee has attempted to make each of its separate sports self sustaining, with the result that we may have neither a soccer nor a fencing team at Berlin. I can't feel that the announcement is a poignant one; in fact, it is offered only because the two groups have failed to reach their quotas—and no longer can hope to do so in the customary way, which was to "borrow" from the track and field fund.

Robbery Occurs At Grant Street Store Saturday

Armed Bandit Secures \$30 To \$40 In Hold-up And Makes Escape

An armed bandit robbed T. C. West, manager of the A & A store, 239 West Grant street, at 7:55 p. m. Saturday and fled with \$30.00 or \$40.00, according to Manager T. C. West.

According to police, West, Carl Barber, a clerk, a woman and a girl, the latter two customers, were in the store when the bandit entered, pointed a revolver at West and demanded money.

After securing the receipts the bandit ran toward the P. & L. E. railroad tracks.

Police searched for the robber but failed to find him.
